

VOYAGER 40L FLIGHT CABIN TRAVEL BAG

The Voyager Flight Cabin Bag is an affordable but reliable way to enjoy seeing the world without worrying about your luggage letting you down. This multi-purpose travel bag allows you to either carry, pull or wear it. The telescopic handle will allow you to wheel your luggage around the airport with great ease, the handle being retractable via a handy push in button. It also features a backpack strap on the back of the bag that can be used for a left or right handed user so you can put the bag on your back if you wish to carry it behind you.

AIRLINE COMPATIBILITY

The cabin size is compatible with over 100 airlines operating in the UK and around the globe. Including easyJet, Ryanair, British Airways, TUI, Qantas, Etihad, KLM, Virgin Atlantic, Emirates, Delta, Jet2 and Turkish Airlines.
