DIMENSIONS

110mm

25mm

LxWxH
110*25*20mm

WEIGHT
0.025kg (0.05 lbs)

FIXING OPTIONS AND INSTALLATION

FIXING OPTION	INSTALLATION	VISUAL
3M Adhesive strip	Apply the adhesive strip to a clean, dry, non-porous surface. Press firmly and allow time to bond before use. Ideal for permanent mounting. Not suitable for rough, or wet materials where adhesion may weaken over time.	
Hook Velcro Fastening	Attach the hook strip to the Flexi Light and secure onto compatible loop Velcro surfaces. Provides quick removal and repositioning. Best suited for equipment with existing Velcro panels	
Removeable velcro pocket	Place the Flexi Light into the pocket and secure using the Velcro backing. Allows easy removal and visibility through the window. Compatible with loop Velcro surfaces on dive gear. Adds slight bulk and requires available Velcro mounting area.	
Nylon clip	Slide the Flexi Light into the nylon clip and secure with the locking bar to provide a secure, reusable fixing method. This fixing option works best for harnesses and BCDs and may not fit oversized or rigid mounting points.	
Fix-loc drysuit pocket	Insert the Flexi Light into the Fix-Loc pocket and clip securely onto compatible drysuit fittings. Designed specifically for drysuit integration.c Fix-Loc mounting systems.	

TROUBLESHOOTING

PROBLEM	RECOMMENDED ACTION
Light not turning on	Check button press sequence
Dim light	Battery nearing end of life
Intermittent operation	Ensure switch is fully engaged

WARRANTY

This product is covered by a 12-month warranty that applies exclusively to manufacturing defects. It does not cover misuse, neglect, or normal wear. The warranty is void if modified or opened. For claims, contact your retailer with the product and proof of purchase, or our customer care team. Approved claims replaced or replaced with an equivalent solution. We are not liable for consequential damage.

Warranty is non-transferable.
