

GK ELITE KNIFE

Our heavy-duty GK Elite knife has been originally designed for commercial diving use. The 7" (176mm) blade is made from 0.09" (2.5mm) high quality 440 grade stainless steel, with a pointed tip and a single sided ultra-sharp serrated edge.

This unique knife is supplied 'complete' in a high-impact sheath, providing secure and durable storage.

Features a plastic luminescent (glow-in-the-dark) handle.

Includes twin aluminium 'Sat Bag' style carabiner clips for versatile attachment options.

COLOUR: high vis yellow
SHEATH: BLACK
