## Operation

**ONE BUTTON CONTROL**  
Easily turn the torch on/off and cycle through the modes by press and holding the button.

## Waterproof Design

## Power Indicator

When on charge the power button will be lit up.

**GREEN** → Fully charged  
**RED** → Charging

Battery status will be indicated around the power button  
LED: Green 100-50% | Red 50-20% | Flash Red <20%  
Please note: approx 10 mins remain when LED flashes red

## Important Notice

- Please make sure you only use the supplied magnetic connector to recharge the torch to prevent short circuiting and damage to the light.
- Do not try to change the battery, this is built in and if tampered with will damage the waterproof performance
- Clean the torch with fresh water after each use. Do not use cleaning agents that may damage. Clean with a soft cloth to avoid scratches.
- Do not attempt to modify or repair the torch. All repairs must be carried out by a trained technician.

## Dive Torch Dimensions

## Main Features
