

VARILUX MICRO

RECHARGEABLE DIVE TORCH

The Varilux Micro Rechargeable Dive Torch is a next-generation compact dive light, delivering enhanced performance in an ultra-lightweight and travel-friendly design. Producing up to 1600 lumens from a high-efficiency SST40 LED, it offers improved brightness, beam performance and runtime compared to previous models, making it ideal as a primary travel torch or dependable backup for diving and surface use. With a focused 8° beam reaching up to 330m (1082ft), it provides excellent visibility in low-light underwater environments.
