

VARILUX TRAVEL RECHARGEABLE DIVE LIGHT

A compact, powerful and versatile torch that you can charge on the go. Light output is controlled via an easy press push button. Burn time at 1100 lumens is an impressive 3.5 hours. At the lowest setting of 110 lumens, burn time is 50 hours.

A lightweight yet durable torch ideal for lighting up dark spaces in a range of environments. The versatile light features high and low brightness settings to suit numerous applications.

Housed in a durable aluminium enclosure offering excellent durability and corrosion resistance. Due to its compact size this is an ideal back-up torch for any diver.

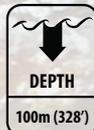

Although this lamp has been designed for handheld use but is easily compatible with torch wrist mounts and mounting brackets.
