

KEVLAR® 3 FINGER MITTS

Ideal for cold water dives or more extreme diving conditions, these mitts are constructed from 7mm Superstretch Neoprene, keeping hands warm and protected whilst diving.

Hand protection is enhanced with an ultra hard wearing DuPont™ Kevlar® coating, from the tips of the glove fingers, right down to the base of the palm.

The gloves seams are also polymer reinforced and internally cell sealed, increasing hand protection even further.

- 7mm Super-Stretch Neoprene
- Kevlar® Fibre Protected Palm and Finger Tips
- Internally Cell Sealed for Extra Warmth
- Polymer Reinforced External Seams
- Generous Commercial Fit

Sizes available in 3mm & 5mm : S, M, L, XL, XXL

DuPont™ and Kevlar® are trademarks or registered trademarks of E.I. du Pont de Nemours and Company.
