

# iSUP Aquarious 10'6"

## Inflatable Stand up Paddleboard

We're proud to present to you an all-round inflatable stand-up paddle boards (iSUP) that we think offers the ultimate in versatility and quality. Packed full of features, the Aquarious iSUPs are designed to deliver an enhanced performance on calm or choppy water.

The 10'6" Aquarious iSUPs are 32" wide and with an EVA anti-skid pad on the deck they offer an ideal stable platform, whether you're into SUP Yoga, touring on calm water, paddle board sharing or you want to take on a few rapids. The Aquarious is light, tough and nimble in the water. You can even share your paddleboard adventure, our paddle boards can fit two people on (as long as their combined weight is within the maximum limits).

The Aquarious performs exceptionally in all water conditions and is suitable for all skill levels. The 32" of width provides extra stability over the sports board while still maintaining an All-Around design to glide through the water with reduced drag. It's best for riders who are less than 6'1" tall.
