

# HANGAIR HANGER

Dry your gear in mere hours with the HangAir! With its high-power built-in fan, this new innovative system means waiting days for your gear to dry is now a thing of the past.

Capable of supporting up to 45.4kg (100lbs), the HangAir also effectively reduces the development of odours by completely drying and ventilating your gear, ultimately increasing its lifespan and allowing you to enjoy a freshly dried suit every time.

Ideal for drying wetsuits, dry suits, and heavy protective clothing.

## FEATURES

- High power waterproof fan (120 ft<sup>3</sup> of air per min)
- Safe low voltage power via 15ft (4.6m) cord from a 100/240 VAC universal wall mounted adapter
- Wide shoulder construction prevents damaging creases in fabric
- 100% recycled plastic
- Super strong nylon body with stainless steel hook supports 45.4kg (100lbs)

## Sizes available : one

**Dimensions (L W H):** 54.61 x 17.78 x 36.07cm (21.50 x 7.00 x 14.20")
