

SF 4 PIECE BLACK SEMI TECH SYSTEM

Superstretch neoprene construction with an internal lining providing extra warmth, insulation and comfort, due to our unique Ti-Ax® Thermacote® Titanium 'Terry' lining. The wetsuit incorporates an additional anti-bacterial coating, heavy duty triple-glued, blind-stitched seams with liquid tape finish.

The pre-formed 'shaped' arm/leg sections and the unique ergonomic cut of this semi-dry suit, provides maximum comfort and the ultimate diving flexibility.

Long John

- 6mm black neoprene
- Full length rear entry YKK® zip with smooth-skin flush-guard
- Black Velcro closing bellows pocket - right leg (260 x 210 x 60mm)
