

# MARLIN TOW FLOAT SWIM BAG

A brightly coloured high visibility inflatable dry bag with leash and waist belt. Ideal for outdoor swimming and for increased visibility in open water. The Marlin Tow Float will easily support an adult's weight if you need to rest. Highly recommended for open water swimmers in all outdoor conditions, our Marlin Float is also equipped with a safety whistle secured with strong cord in case of emergency.

## FEATURES

- Keeps kit safe and dry
- Low drag when on the water
- Large 22L capacity allows you to store everything you might need
- Moisture proof: protect everything in your bag even in extreme environments
- Light weight and easy to use
- Highly visible: perfect for open water
- Air chamber inflates for buoyancy
- Swimmers are more visible to boaters and other open water vehicles
- Dry compartment holds smaller items such as keys, phone, dry clothing and more
- Can be used empty as a tow float
- Air chamber keeps you buoyant if you need a break, or to chat with friends, but should not be relied on as a safety device.
- Adjustable dual use leash for a one size fits all waist belt or shoulder strap
- Inflation via a mouthpiece with simple push in valve to deflate once used
- Easy roll top and click shut top closure
- High quality weld seams ensure the swim bag is 100% waterproof
- Packs down very small so easy to transport
